

# IBM 5250 Java Client – 5733-XJ1

## How to find the Current Version

IBM ESS download web site:

<https://www-05.ibm.com/servers/eserver/ess/OpenServlet.wss>

This screenshot shows the IBM My Entitled Systems Support page. A yellow callout box with a white background and a black border contains the text: "You must have a Valid IBM user ID and Password." A red arrow points from this box to the "Sign in" button located below the main content area. The page includes a navigation menu, a "My entitled software" section with a list of links, and a "Quick status" section indicating the user is "Not signed in".

This screenshot shows the IBM id sign-in page. It features the IBM logo and the slogan "One key, many possibilities." Below this, there is a sign-in form with fields for "User ID" (containing "XXXXXXXXXX") and "Password" (containing "\*\*\*\*\*"). A "Forgot password?" link is located below the password field. A "Sign in" button is at the bottom right. On the left, there is a "Create IBM id" button. The page also includes a "Help and FAQ" link.

This screenshot shows the IBM My Entitled Systems Support page. A red callout box with a white background and a red border contains the text: "Click on 'My entitled software'". A red arrow points from this box to the "My entitled software" link in the left-hand navigation menu. The page content includes a "Welcome to your Entitled Systems Support site." message, a "My entitled software" section with a list of links, and a "Quick status" section indicating the user is "Not signed in".

This screenshot shows the IBM My entitled software page. A red callout box with a white background and a red border contains the text: "Select Software Downloads". A red arrow points from this box to the "Software updates" link in the left-hand navigation menu. The page content includes a "NOTE: You have unread news." section, a "Brand selection" dropdown menu, a "Quick status" section indicating the user is "Signed in", and a "Welcome to your Entitled Software Support site." message. The main content area contains several news items with "Read more" links.

**Welcome to your Entitled Software Support Site!**

Entitled Software Support has been enhanced to improve its usability. All functions are now directly available in the left hand menu.

You may use the following options to administer your customer numbers:

- Register IBM customer number:** register once and get access to any of the machines registered under this customer number.

**Brand selection**

Select the brand you want to work with on ESS

Power (IBM i) >

**Quick status**

**Last action:**

Signed in

### Select Software Downloads

Servers > Entitled Software Support > My entitled software >

### Software downloads

**Step 1: Select customer number**

Select a customer number from the drop down list. The list of available products for download will be based on machine serial numbers entitlements (IBM i) or SWMA (AIX and storage) associated with the selected customer number.

Note: Make sure you have selected the correct brand (IBM i, AIX or storage). Only customer numbers and associated machine serial numbers in the selected brand will be available. You can change the brand in the top right corner of this page or under [User preferences](#).

Customer number: 12345689 >

### Software downloads

**Step 4: Terms and conditions**

You selected the following product downloads. Click on the links to view the product licenses. You must agree to these terms prior to download.

The license contains key terms regarding whether you can transfer the program to other parties. Where a transfer is permissible, you may do so only if the receiving party agrees (in a manner consistent with applicable law) to comply with the license terms.

If you are acting on behalf of the licensee of an IBM Program (e.g., you are an IBM Business Partner obtaining programs for an end user), you agree as a condition to getting access to the Program that: (1) you will ensure that the licensee is provided with and accepts the applicable license agreements, and (2) as applicable, you have all appropriate authorizations from the licensee to take actions on its behalf.

**Product**

Release	Download Package	View License
07.01.00	5817: i7.1_B_GROUP1 v07.01.00.ENU.DVD	<a href="#">View</a>

IBM i Access Client Solutions

To begin downloading, click the **I agree** button below. By clicking **I agree** you agree that you have had the opportunity to review the terms and conditions for all products you are downloading and that such terms and conditions govern this transaction. Select **I disagree** to exit.

Agree and start the download.

## IBM 5250 Java Client – 5733-XJ1 How to find the Current Version

The screenshot shows the IBM Entitled software support page. A green arrow points to the "Download now" button with the text "I use HTTP". Below the button is a link: "Click here to use HTTP".

**Download time estimates (hh:mm:ss)**

Connection	Download Director	Http transfer
Ethernet:	00:01:10	00:02:57
56k (dial-up):	03:21:23	03:21:23
1.5 Mbps (DSL):	00:03:08	00:07:52
3.0 Mbps (cable modem):	00:01:34	00:03:56

**Step 5A**  
Use IBM Download Director or HTTP to download your software.  
Download Director provides high-speed downloads, checkpoint/restart, and enhanced data integrity checking.  
Download Director uses a pop-up window for the download. You must accept the trusted applet supplied by IBM.  
If you have questions or problems, refer to [Download Director - Frequently Asked Questions](#).  
HTTP is available if you cannot use or choose not to use the Download Director.

**Step 5B**  
Note: Some of the processes to prepare and install the software may be different from what you normally use.  
Follow the instructions to [Prepare to install](#) the software.  
Follow the instructions to [Install](#) the software.  
Note: Images should not be dragged and dropped to CD burner. Please see the [Help](#) section for further information.  
More information about System i [image catalog](#).  
A [checklist](#) has been provided to assist you.

**Download your software**  
Press Download now to download the software using IBM Download Director.

[Click here to use HTTP.](#)

The screenshot shows a download progress window for the file "IBM\_i\_Access\_Client\_S...ions\_LCD8\_2010\_05.zip". The progress bar is partially filled, and the text indicates "1 minute, 2 seconds remaining — 20.8 of 56.9 MB".

Name	Date modified	Type	Size
IBM_i_Access_Client_Solutions_LCD8_2010_05.zip	9/10/2014 2:20 PM	Compressed (zipped) Folder	58,298 KB

This is the file that I downloaded on 9/10/2014
