

The image shows a close-up of an IBM server rack. The IBM logo is visible in the top left corner. The server panels are dark with a perforated texture. The word "Inviting" is overlaid in large white text in the center of the image.

IBM

Inviting

What if we took the flexibility of iSeries servers to a whole new level?

What if you could simplify your infrastructure—to help your business become more efficient than ever before?

What if you could manage an even wider range of operating systems? Not only Linux, OS/400®, and Windows®, but also AIX®?

What if you could upgrade your infrastructure without disrupting your business?

Good news: As part of our commitment to iSeries innovation, we can enhance your infrastructure in ways you never thought possible. And when your system does more, you can do more.

**Date:** May 20, 2004

**Time:** 8:30 a.m. – 12:15 p.m.

**Location:** Hilton Inn Southfield  
26000 American Drive  
Southfield, MI 48034
